CERTIFICATIONS FOR SUSTAINABILITY, ORGANIC, AND ALLERGY-FRIENDLINESS

The Harmonie Vienna is one of the first hotels in Vienna to have three certifications for sustainability, allergy-friendliness, and organic products.

ABG - AUSTRIA BIO GARANTIE

At Harmonie Vienna, guests are offered high-quality organic food from local suppliers. We have been awarded the Austria Bio Garantie certification. ABG is Austria's leading organic certification authority, ensuring through regular inspections that products labeled as organic truly meet the organic standards.

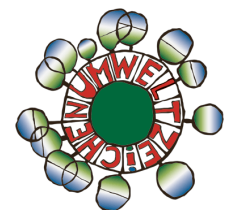

ECARF - QUALITY SEAL FOR ALLERGY-FRIENDLY HOTELS

As an ECARF-certified allergy-friendly hotel, smoking is not permitted in our premises. The presence of pets is allowed only with prior notification and strict adherence to rules. We exclusively use indoor plants with no pollen emission, grown in hydroculture. Our air conditioning system undergoes regular external inspections, ensuring it is free from allergenic mold. Allergy-friendly rooms have no carpeting, and we provide allergen-impermeable covers for mattresses, pillows, and blankets to reduce dust mites. Upon request, we offer fragrance-free or hypoallergenic skin care products. Allergy-friendly food options are available as part of our breakfast buffet.

AUSTRIAN ECOLABEL

Our hotel is designed based on an environmentally friendly and sustainable philosophy. During the hotel's renovation, environmentally friendly and energy-saving construction methods were implemented. We prioritize optimized waste management, use eco-friendly cleaning agents, provide respectful working conditions, deliver top-quality service, and offer a wide range of healthy, locally sourced organic products.
